EDUCATION

Base Camp Coding Academy, Water Valley, MS – (Degree)

Graduation Year - 2027

- Base Camp Coding Academy is a non profit organization, where all attending the program students have been granted scholarships after being specifically selected.
- Students are put through such programs for a year, learning several coding languages and frameworks such as Python, Java, Django, etc.
- While preparing the students for the professional world. One of many ways they prepare students is by assigning each to a leadership team. My own being one that of Managing duties for all students, as well as preparation of all meals.

Calhoun City High School, Calhoun City, MS – (Diploma)
